

Resident Bedbug Prep for Full Pest Control Treatment

- DO NOT REMOVE ANY ITEMS FROM YOUR APARTMENT. Call the office to let us know if you have trash to remove and maintenance will pick it up after 3:00 PM Monday – Friday.
- Residents must keep all medicine that they will need for the next 6 plus weeks in a plastic container in their apartment.
- Residents need to set aside a 7-day supply of the following:
 1. Pants, slacks, or house dresses
 2. Shirts or blouses
 3. Under clothe, socks, and night wear
 4. Set of sheets for your bed
 5. As many towels, wash cloths, dish towels you may need
- Each Resident will be supplied with contractor garbage bags to fill with any paper, cardboard, or other items you feel comfortable trashing.
- If you have decided to dispose of any furniture, call the office to place a workorder, and the maintenance team will properly wrap and remove the items of your choice.
- Each Resident will be supplied with Contractor garbage bags to transport all clothing to the laundry to be processed. All clean clothes must be ran through the dryer for one full cycle to kill all stages of bedbugs. Each processed bag of clothing will be labeled with the apartment number, sealed with packing tape, and stored in a locked solarium.
- After all clothing items have been bagged, call the office to schedule to use the laundry.

- After all items that can be processed via one full dryer cycle have been placed in the plastic bags, it is now time to schedule your turn in the laundry room to process these items.
- Each resident will be supplied plastic totes to place all items like photos, books, and any electronics that cannot be treated by spraying.
- Do not remove anything in the kitchen, except for clearing all items from under the kitchen sink. All plate, cookware and food may stay in the cabinets.
- Residents are not allowed to visit other residents in the building until their apartment has been clear and free of bedbugs for 6 weeks.

Staff would like to thank you for all your cooperation during this process. With everyone's help, we will get through this process and be able to ensure comfort in your home.

If you have any questions, please call the Manager.
